**ASCA**
Permission Notes and Payments are due in to the Front Office now.
Workshops will be taking place soon to help you prepare for your exams.
Last Week’s revision strategy was “Stepping Stones”.

**Revision Strategy to try this week**

**DOMINOS**

Works like stepping stones in miniature.

This is like mini stepping stones. Write out the key words from a topic on strips of paper. Put your notes away and re-arrange the key words, in any way you like, so you can explain the topic (‘tell the story’).

You can write out the ‘dominos’ after you’ve thought them through, if you wish, as a different way of remembering it.

**Why does it work?**

- Because you’re reducing the topic to key words.
- If you repeat in the same order each time you have repetition, which helps to move information from the working memory to the long-term memory.
- If you repeat in a different order each time, forcing yourself to think of new connections, you are building a huge network of mental connections in your head, which means you’ll be able to retrieve the information from lots of different ‘pathways’.
